Marine Vertebrates

Marine Mammals

Cetaceans: Whales, Dolphins and Porpoise

Hectors Dolphin

Lifespan: _____

Diet: _____

Where found: _____

Notes: _____

Cetaceans: Whales, Dolphins and Porpoise

Blue Whale

Lifespan: _____

Diet: _____

Where found: _____

Notes: _____

Cetaceans: Whales, Dolphins and Porpoise

Harbour Porpoise

Lifespan: _____

Diet: _____

Where found: _____

Notes: _____

Cetaceans: Whales, Dolphins and Porpoise

Narwhal

Lifespan: _____

Diet: _____

Where found: _____

Notes: _____

Mark on the map where Hector's dolphins, blue whales, harbour porpoise and narwhal can be found.

Use a key and use arrows to show any migration routes

Pinnipeds: Seals, Sea Lions and Walrus

Leopard Seal

Lifespan: _____

Diet: _____

Where found: _____

Notes: _____

Pinnipeds: Seals, Sea Lions and Walrus

Harbour Seal

Lifespan: _____

Diet: _____

Where found: _____

Notes: _____

Pinnipeds: Seals, Sea Lions and Walrus

Ringed Seal

Lifespan: _____

Diet: _____

Where found: _____

Notes: _____

Pinnipeds: Seals, Sea Lions and Walrus

Ribbon Seal

Lifespan: _____

Diet: _____

Where found: _____

Notes: _____

Pinnipeds: Seals, Sea Lions and Walrus

Atlantic Walrus

Lifespan: _____

Diet: _____

Where found: _____

Notes: _____

Pinnipeds: Seals, Sea Lions and Walrus

Galapagos Sea Lion

Lifespan: _____

Diet: _____

Where found: _____

Notes: _____

Mark on the map where leopard seals, harbour seals, ringed seals, ribbon seals, Atlantic walrus and Galapagos sea lions can be found.

Use a key and use arrows to show any migration routes

Sirenians: Manatee and Dugong

African Manatee

Lifespan: _____

Diet: _____

Where found: _____

Notes: _____

Sirenians: Manatee and Dugong

West Indian Manatee

Lifespan: _____

Diet: _____

Where found: _____

Notes: _____

Sirenians: Manatee and Dugong

Dugong

Lifespan: _____

Diet: _____

Where found: _____

Notes: _____

Mark on the map where African manatee, West Indian manatee and dugong can be found.

Use a key and use arrows to show any migration routes
